

AS078 Paper Shredder

The Aurora AS078 is a micro cut paper shredder that will shred up to 7 sheets of paper at a time into very secure 3 x 9mm pieces meaning an A4 sheet is shredded into over 2000 particles. It will also shred 1 credit card at a time and will easily cope with paperclips and staples if these are accidentally shredded. The AS078 has a large 25 litre pull out waste bin which is very easy to empty and there is a viewing window built in to the handle to show when the waste bin is getting full. Castors on the base of the shredder make it easy to move around so the shredder can be easily relocated. The AS078 is ideal for offices and users who require a high level of security, and a quiet easy to empty shredder.

- 7 sheet micro cut shredder
- Shred size 3 x 9mm
- Security Level P5
- 25 Litre pull out waste bin
- Castors for mobility
- Shreds credit cards
- Quiet 60dB DC motor

Easy to empty pull out waste bin
and casters for mobility

Shreds Credit Cards

Security Level P5

Special Features

The shredder will securely destroy one credit card at a time by cross cutting it into small pieces

The 25 litre pull out waste bin is both spacious and easy to empty

The viewing window built into the bin handle shows when the bin is getting full and requires emptying

360° rotatable wheels mean the shredder is easy to move around

Technical Specifications
